AANA Journal

Volume 66
1998 AANA Journal Index

The following is an index of the major topics addressed in the *AANA Journal* during 1998. The index is alphabetized according to headings, and entries appear in chronological order within the headings. Author and subject indexes are integrated.

A

AANA Foundation Poster Session abstracts presented at the Poster Session of the 1997 Assembly of School Faculty in Tampa, Florida; the 1998 Assembly of School Faculty in Fort Lauderdale, Florida; and the 1998 Annual Meeting in Nashville, Tennessee.

1. Morphine versus ketorolac for treatment of acute postoperative pain in lumbar laminectomy patients (Penny A. Beckham, Timothy L. Smith), 485
2. Quantification of insensible water loss associated with insufflation of dry carbon dioxide gas in patients undergoing laparoscopic surgery (Andrew R. Biegner, Ronald L. Olson, Harry F. Meyers, Donald Anderson, Charles A. Vacchiano), 485
3. Remifentanil and fentanyl concentrations in follicular fluid during transvaginal oocyte retrieval (Jody L. Bovenschen, Keith A. Lawrence, Mostafa Abuzeid, Hussein Salem, Mohamed Sasy, Mary Lou Jones, Mohan Achwal, Francis Gerbasi, Harland Verrill), 486
4. Cardiovascular-thoracic clinical education design (Sharon R. Brandt, Shirley A. Wienk), 487
5. The impact of a managed care environment on certified registered nurse anesthetists (Laura M. Brinkman), 487
6. Determining the effectiveness of the Vital Signs, Inc., HEPA Filter and Hygroscopic Condenser Humidifier (HCH)/Filter Model #5710 as a bidirectional barrier to the transmission of bacteria during inhalation anesthesia (David Michael Buckeridge, Richard Baumgarten, Patrick Quinn, JoAnne Cafarelli, Sue Burns), 488
7. Leak rate that occurs in latex versus nonlatex gloves after tearing adhesive tape (Jana S. Chrumka, Paul J. Buffa, Karen Zaglaniczny), 488
8. Onset and duration of action of cisatracurium in postpartum women (Diane P. Dayton, Michelle A. Navarrette, Michelle E. Gold, Ronald L. Katz), 489
9. The effects of dilution on the onset of rocuronium (Jay F. Dingbaum, Danette Cruthrids, Kendall Miller), 490
10. Clinical practice profile of Certified Registered Nurse Anesthetists in Arkansas and Mississippi (James P. Embrey, Elizabeth L. King, Carolyn F. Dean, Meridith L. Farina, Kelly K. Sweet, John T. Beeston, III), 490
11. Stethoscope hygiene: A potential vector of nosocomial infections (James P. Embrey, Lisa B. Ziegler, Ronald L. Sauer), 491
12. A study review identifying intraoperative physiological parameters and their relationship to the survival of the trauma patient (Emmylou Enriquez, Karen Crawforth), 492
13. The utilization of full body patient simulation: A preferred method to prepare anesthesia providers in the management of select untoward pathophysiologic events (Michael D. Fallacaro), 492
14. The effectiveness of 5-hydroxytryptamine type 3 (5 HT3) receptor antagonists in the treatment of intrathecal narcotic-induced pruritus: Ondansetron versus naloxone (Laura E. Francis, Stephen R. Fretch, Richard K. Hanisch, Randy J. Landry), 493
15. A comparison of effectiveness of standard versus rotation laryngeal mask airway (LMA) insertion technique (Mei Mei Giang, Elaine White, John Nagelhout, Beth Keely), 493
16. The effect of alkalinization on the speed of onset of ropivacaine for epidural cesarean section: A descriptive analysis (Marcus A. Gardiner, Craig M. Mastracci, Colleen Dargie, Patrick Quinn, Allan T. Jarvis), 494
17. How Certified Registered Nurse Anesthetists perceive themselves as nurses (Linda Sue Greenfield), 495
18. Nurse anesthesia training in transesophageal echocardiography: An educational program (Valdor L. Haglund, Jr., Barbara A. Grover, Joanne L. Rush, Lauren L. Peterson), 495
19. Comparison of thiopental and propofol for laryngeal mask airway insertion (Shelly L. Ivy, Constant C. Crobin, Romina Sy, Amelia Alcantara, Parvinder Singh, Wynne R. Waugaman, Ronald Katz), 496
20. Registered nurses' knowledge and administration of conscious sedation (Michael Jackson), 496
21. The addition of ketorolac to lidocaine intravenous regional block of the upper extremity (Curtis N. Johnson, Louis J. Heindel, R. Lee Olson, Charles A. Vacchiano, Alexander Y. Shin), 497
22. Differentiating personality styles of nurse anesthetists and nurse practitioners (Janet M. Jolly, John B. Jolly), 498
23. Members' input to the AANA Foundation - Mission and Vision Survey (Lorraine M. Jordan, Terri Gens), 498
24. CRNA Managers Survey results (Lorraine M. Jordan, Wynne R. Waugaman), 498
25. A description of anesthesia personnel characteristics in United States Army medical treatment facilities (Jessetta K. Joswick, Maura S. McAuliffe, E. Jane McCarthy, Eugene Levine), 499
26. A study of the efficacy of ketorolac in prevention of post-intubation sore throat: Comparing women versus men (Wendy G. Lackey, R. Stephen Dorsey), 499

27. Preincisional ketamine: Is the analgesic effect dose-dependent in ambulatory surgery procedures? (Steven C. Ladson, Masud Imran, Mary Golinski, James Scarsella), 500
28. Using progesterone to determine an association of menstrual cycle phase with clinically significant postoperative nausea, retching, and vomiting following laparoscopic surgery (Patti A. Lederer, Naomi Childres, Joel M. Ehler), 501
29. A propofol-based anesthetic for coronary artery bypass graft patients versus a nonpropofol-based anesthetic to determine the extubation time (Lisa R. Leto, Karen Zaglaniczny), 501
30. Knowledge of malignant hyperthermia among registered nurses in the surgical intensive care unit (Kanchana (Kitty) K. Liczkowski), 502
31. The occurrence of blood on laryngoscope blades (Lisa M. Loerlein, Debra L. Michalski, Robert C. Padilla, Petra D. Hurt, Ann M. Glime), 502
32. From nurse to nurse anesthetists: The influence of age and gender on career commitment (Donna J. Lohren, Wynne R. Waugaman), 503
33. A comparison of LMA and cuffed and uncuffed endotracheal tubes in preventing nitrous oxide emission during pediatric anesthesia (Steven V. Marshall, Mary J. Damery, Shawn A. Fryze, Hermant D. Desai, Suyra R. Thora, Francis R. Gerbasi), 503
34. The application of cricoid pressure (William B. Marshall), 504
35. An analysis of a nurse anesthesia program curriculum (E. Jane McCarthy, J. Robert Halliburton, Judy L. Ikirt, Maura S. McAuliffe, John P. McDonough, W. Patrick Monaghan, Donald D. Rigamonti), 504
36. Comparison of infiltration pain and the ability to decrease intravenous cannulation pain using three local anesthetic mixtures: A follow-up study (Scott D. McDannold, Eric R. Nelson, Sheryl L. Sawyer, Stephanie C. Stelter, Kelly E. Vroman), 505
37. Comparison of personality and addiction tendency in graduate students of nursing, nurse anesthesia, and patients in substance abuse treatment (John P. McDonough, Michael J. Carter, Timothy Smith), 505
38. A comparison of patient-controlled analgesia and epidural analgesia for postoperative pain control in the total knee replacement population (Lynn Miller, Kathryn Kiefer), 506
39. The incidence of pruritus during labor analgesia with intrathecal fentanyl and bupivacaine: A comparison of two doses of fentanyl (Charles H. Moore, Leslie A. Reese), 506
40. A comparison of oral ondansetron and metoclopramide as preoperative prophylaxis in the prevention of postoperative nausea and vomiting following laparoscopic surgery (Michele D. Mulraney, Michelle D. Murphy), 507
41. A comparison of intubating conditions using remifentanil and propofol with or without a neuromuscular blocker (Steven J. Novak, Jean E. Martin, Herbert J. Flachofsky, Michael J. Loughren, Timothy A. Newcomer), 508
42. Risk factors that may affect the visibility of nurse anesthesia education programs (Molly A. O'Hara, Denise Martin-Sheridan), 509
43. Effect of subarachnoid fentanyl on nausea during cesarean delivery (Cory R. Peterson, John W. Kirkwood, Felicia D. Boykins, Douglas E. Kircher, Jenni L. Reading), 509
44. Migration of unsecured laryngeal mask airways in 30 pediatric patients undergoing facial Candela® laser treatments (L.A. "Pete" Peterson, Carl L. Zamora, Tony A. Jimenez, Jeffrey M. Berman, Ray J. Nichols), 510
45. A descriptive study of the relationships between learning styles and demographic characteristics of student registered nurse anesthetists and Certified Registered Nurse Anesthetist clinical instructors in nurse anesthesia education programs (Diane Powe), 510
46. Assessment of circulatory response in third trimester hypertensive gravidas (W. Terry Ray), 511
47. Acute pain management services: What does the Air Force have to offer? (Carol L. Rayos, John P. McDonough, Barbara M. Sylvia, RN, Eugene Levine), 511
48. The analgesic effects of subhypnotic doses of propofol in human volunteers with experimentally induced tourniquet pain (Pat Riley, Michael Nick, Margaret Faut-Callahan, Susan Shott, Rick Hand), 512
49. Using auditory evoked potentials to improve the anesthesia provider's understanding of the anesthetic state (Timothy L. Smith, David Zapala, Carol L. Thompson, Tim Kelly), 512
50. Critical care nurses' knowledge and practice of neuromuscular blocking agent administration (Nancy Spreen), 513
51. Issues related to the movement of nurse anesthesia education programs into graduate programs (Kevin B. Vaughan, Jackie Clement, Wayne Ellis, Margaret Beaman, T. R. Carr), 513
52. The correlation between transmission pulse oximetry and reflectance oximetry in surgical patients (Rae Jean Venerable, David J. Dixon), 514
53. A description of the practice pattern characteristics of anesthesia care in small, medium, and large teaching and nonteaching medical treatment facilities in the Air Force (Rick L. Wade), 514
54. Knowledge and attitudes of Certified Registered Nurse Anesthetists toward postoperative pain management (Vonda K. Walker), 515
55. A comparison of lumbar and thoracic epidurals for postthoracotomy analgesia (James Williams, David Hoehn, Robert Kirk, Richard Reid), 515
56. Interactive evaluation in course and clinical instruction for a master's anesthesia program (Kathleen Wyatt, Kimberly Barber, Francis Gerbasi), 516
57. Reducing anxiety in parents prior to and during pediatric anesthesia induction (Ronald Zuwala, Alan Brown, Francis Gerbasi, Karen Selly, Eileen McKee, Andrea Price), 516

AANA Journal Course No. 17 1998 Evaluation Form, 198

AANA Journal Course No. 17 Examination Information-Update for nurse anesthetists, 196

AANA Journal Course No. 17 Examination-Update for nurse anesthetists (answer form), 197

AANA Journal Course No. 17 Examination-Update for nurse anesthetists (examination questions), 201

AANA Journal Course No. 17-Update for nurse anesthetists (examination answers), 407

AANA Journal Course:
Part VI-Diabetes mellitus: Overview and current concepts in anesthetic management, 65; Part I-A comprehensive review of remifentanil: The next generation opioid, 125 [see correction, 220]; Part II-Anesthesia for thoracic surgery: Lung separation, 253; Part III-Femoral nerve block and 3-in-1 block anesthesia, 367; Part IV-The preoperative pulmonary assessment: Is this patient at high risk for surgery? 467; Part V-ERR WATCH: Anesthesia crisis resource management from the nurse anesthetist's perspective, 595
Accreditation: see Education News, 113
Achilles tendon block:
A review of regional blocks for the foot, 82
Acute respiratory distress syndrome:
Liquid ventilation innovations in ventilatory management, 161
Addiction: see Management Briefs, 360
Advanced practice: see Practice Issues, 351
Advocacy: see Washington Scene, 19
Agonist: see AANA Journal Course: Part I, 125
Alcohol assessment (dermatome levels):
Assessing sensory blockade with alcohol and pinprick after subarachnoid block, 77
Ambulatory surgery:
A comparison of the recovery times of desflurane and isoflurane in outpatient anesthesia, 183
Analysis of curriculum: see Education News, 443
Andrews, Claire M.: see McRae-Bergeron, Cheryl E.
Andrews, J. Jeff: see *AANA Journal* Course: Part I, 125
Anesthesia costs:
Study of direct variable anesthesia costs in the dilatation and curettage patient, 385
Anesthesia crisis resource management: see *AANA Journal* Course: Part V, 595
Anesthesia mishap:
Anesthesia-related lawsuits in Maryland: CRNA and anesthesiologist claims, 394
Anesthesia providers: see Legal Briefs, 11; 107; see Guest Editorial, 575
Annual report data: see Education News, 338
Aortic surgery:
Anesthetic management of Takayasu's arteritis for extra-anatomic thoraco-abdominal aorto-aortic bypass: A case report, 187
Arab:
The Arab Muslim client: Implications for anesthesia, 304
Arm surgery:
Evaluation of the effects of the addition of morphine sulfate to a standard Bier block solution in peripheral arm surgery, 459
Arteritis:
Anesthetic management of Takayasu's arteritis for extra-anatomic thoraco-abdominal aorto-aortic bypass: A case report, 187
Ascariasis:
Ascaris lumbricoides: A case report, 88
Ascaris lumbricoides
Ascaris lumbricoides: A case report, 88
Ascaris lumbricoides: A case report, 88
Assault: see Legal Briefs, 221
Assessing sensory blockade with alcohol and pinprick after subarachnoid block, 77
Assessment, preoperative: see *AANA Journal* Course: Part IV, 467
Asystole:
Unexplained asystole during thoracotomy irrigation: A case report, 451
Atkins, Craig S.: see Books of Interest, 334

B

Bacteriostatic saline:
Intradermal bacteriostatic 0.9% sodium chloride containing the perservative benzyl alcohol compared with intradermal lidocaine hydrochloride 1% for attenuation of intravenous cannulation pain, 583
Barbee, Lisa: see Davis, Diane
Barber, Debra A.; Reeves-Viets, J.L.; Fox, Althea; Curling, Patrick: Anesthetic management of Takayasu's arteritis for extra-anatomic thoraco-abdominal aorto-aortic bypass: A case report, 187
Baroreceptor reflex:
Unexplained asystole during thoracotomy irrigation: A case report, 451
Battery: see Legal Briefs, 221
Benumoff, Jonathan L.: Interpretation of capnography, 169; see *AANA Journal* Course: Part II, 253
Biddle, Chuck: see Deatherage, Lindy
Bier block:
Evaluation of the effects of the addition of morphine sulfate to a standard Bier block solution in peripheral arm surgery, 459
Blocker, bronchial (device): see *AANA Journal* Course: Part II, 253
Blumenreich, Gene A.: see Legal Briefs, 11; 107; 221; 435; 541
Books of Interest:
Nurse Anesthesia (reviewer: Debra A. Goldstein), 195; *The Laryngeal Mask Airway: A Review and Practical Guide* (reviewer: David Ferson), 220; *Fiberoptic Endoscopy and the Difficult Airway* (reviewer: Craig S. Atkins), 334; *Comprehensive Postanesthesia Care* (reviewer: Rex A. Marley), 457; *Simulators in Anesthesiology Education* (reviewer: Michael D. Fallacaro), 565
Borchardt, Marc: see Letters, 332
Bradford, Billie C.: see Reimbursement News, 35
Breathing circuit, securing: see Letters, 332
Bronchial blocker (device): see *AANA Journal* Course: Part II, 253
Broselow pediatric resuscitation tape:
Pediatric endotracheal tube selection: A comparison of age-based and weight-based criteria, 299
Brunner, Marguerite: see Education News, 338
Bupivacaine:
Assessing sensory blockade with alcohol and pinprick after subarachnoid block, 77; A review of regional blocks for the foot, 82; The effect of epidural analgesia on the second stage of labor, 177
Bypass procedures:
Anesthetic management of Takayasu's arteritis for extra-anatomic thoraco-abdominal aorto-aortic bypass: A case report, 187

C

Candidate satisfaction: see Guest Editorial, 553

Campaigns: see Washington Scene, 345; 547

Capnogram:
Interpretation of capnography, 169

Carbon dioxide:
Interpretation of capnography, 169

Ceremuga, Thomas E.; Gelinas, Elizabeth A.; Gonzales, Janice L.; Ramos-Alarilla, Joann M.: Evaluation of the effects of the addition of morphine sulfate to a standard Bier block solution in peripheral arm surgery, 459

Cervical dilation:
The effect of epidural analgesia on the second stage of labor, 177

Chemical dependency: see Management Briefs, 360

Chronic inflammatory disease:
Anesthetic management of Takayasu's arteritis for extra-anatomic thoraco-abdominal aorto-aortic bypass: A case report, 187

Clinical practice guidelines: see Guest Editorial, 575

Combined spinal epidural:
Spinal and combined spinal epidural techniques for labor analgesia: Clinical application in a small hospital, 587

Research in Action abstracts presented at the 1998 Annual Meeting in Nashville, Tennessee:
1. A comparison of LMA: Cuffed and uncuffed endotracheal tubes in preventing nitrous oxide emission during pediatric anesthesia (Steven V. Marshall, Mary Damery, Shawn Fryzel, Hemant Desai, Surya Thota, Frances Gerbasi), 398
2. Neurophysiological effects of sevoflurane and midazolam on the auditory pathway: Are there implications for intraoperative awareness? (Timothy L. Smith, David Zapala, Carol L. Thompson, Tim Kelly), 399
3. Risk factors that may affect the viability of nurse anesthesia educational programs (Molly A. O'Hara, Denise Martin-Sheridan), 400
4. A comparison of personality and addiction tendency in graduate students of nursing, nurse anesthesia and substance abuse patients (John P. McDonough), 401
5. The application of cricoid pressure (William B. Marshall), 401
6. Using the human patient simulator to test the efficacy of an experimental emergency percutaneous transtracheal airway (Joe Sanders, Michael A. Geisler, Richard Haas, Alfred Lupien), 402
7. Sciatic nerve block for foot surgery: Single versus double injection technique (Stuart J. Gall, Richard White), 402
8. Reducing anxiety in patients prior to and during pediatric anesthesia induction (Ronald Zuwala), 403
9. Assessment of circulatory response in third trimester hypertensive gravidas (W. Terry Ray), 404; Correction, 433
10. Quantification of insensible water loss associated with insufflation of dry carbon dioxide gas in patients undergoing laparoscopic surgery (Andrew R. Biegner, Ronald L. Olson, Donald Anderson, Harry F. Meyers, Charles A. Vacchiano), 404
11. An innovative computer software program to track office-based anesthesia practice (David B. Mayer, Steve Marx, Susan Galvez), 405
12. The analytic effects of subhypnotic doses of propofol in human volunteers with experimentally induced tourniquet pain (Pat Riley, Michael Nick, Rick Hand, Susan Shott, Margaret Faut-Callahan), 405
